

JAMEEL ABBAS

web developer

About Me

I am a dedicated UI/UX designer with a strong background in computer science, currently pursuing a BSCS at the UOBS. Fluent in English, Urdu, and Balti, I seek challenging opportunities to apply my design and development skills in a professional setting. My goal is to contribute effectively to an organization's success.

- Bootstrap, Tailwind css
- Javascript, React js
- Php, Laravel
- Dot.net MVC
- C++, Python,
- MySQL
- Creativity
- Negotiation
- Critical Thinking
- Leadership

Experience

E-commerce Web

2021 - 2022

Developed a dynamic e-commerce web application using React.js, integrating a robust authentication system to ensure secure user access and personalized shopping experiences. The project, spanning from 2021 to 2022, demonstrated expertise in modern web technologies and secure authentication practices.

Forum Website

2021 - 2023

Designed and implemented a forum website using PHP, inspired by the functionality of Stack Overflow. The platform enables users to ask questions, share knowledge, and engage in discussions within a structured and user-friendly environment. This project showcases strong skills in PHP, database management, and community-driven content creation.
